

2022 UP4Health Outcomes

The Urban Planning for Health (Up4Health) project involves Northern Sydney Local Health District’s Healthy Built Environments team working with local government, planning agencies and developers to ensure health and wellbeing is prioritised in urban planning and development processes.

A review of all submissions and recommendations made in 2022 was conducted to determine our influence on urban planning in Northern Sydney.

Notable outcomes from recommendations made in 2022

- Through the Open Space and Outdoor Recreation Strategy, Northern Beaches Council will ensure management of open spaces, including planning, policies, processes and events, are equitable, flexible, responsive and viable.
- Ryde Council's Bicycle Strategy and Action Plan will provide opportunities and educational programs for people of all ages and all abilities to build skills and confidence in cycling and safe practices.
- The Green links master plan will see the implementation of local pedestrian/cycle-friendly routes that connect destinations throughout the City of Ryde local government area and adjoining areas.
- The Mosman Climate Action Plan will encourage urban biodiversity regeneration through bushland, unmade roads and street tree planting works.
- Ryde Council will partner with schools, universities, TAFEs, NSW Department of Education, NSW Ministry for Health, and the Heart Foundation to encourage more students and families to walk or ride in the Bicycle Strategy and Action Plan.
- Crime Prevention Through Environmental Design (CPTED) strategies will be implemented in the Green Links Master Plan to ensure safety and accessibility, including path lighting to facilitate safe pedestrian movement beyond daylight hours.
- Street tree planting to improve amenity and provide shade will be prioritised in the Pymble Public Domain Plan.
