My Health Record Presentation

Sydney North Primary Health Network in conjunction with the Hornsby Ku-Ring-Gai Community Participation Committee invites you to learn more about your My Health Record, an online summary of your key health information. This year the Australian Government is creating an online health record for all Australians, unless they choose to opt out before November 15th 2018.

Having a My Health Record allows you to control and view your health information including GP visit summaries, specialist letters, hospital discharge summaries, medicines, and pathology and test results. Having your health in your hands puts you at the centre of your healthcare.

Date: Thursday 1st November 2018

Time: 10:30am
