**Northern Sydney Local Health District (NSLHD)**  
**NSLHD Board recognition of outstanding contribution by an individual to NSLHD or its community  
and/or distinguished and eminent service by an individual to NSLHD or its community**

NSLHD already recognises staff contributions and staff achievements through the annual NSLHD Exceptional People Awards. These awards are made by the Chief Executive.

Separately, the Board of NSLHD (rather than the Chief Executive) may wish to recognise an outstanding contribution by an individual to NSLHD or its community and/or distinguished and eminent service by an individual to NSLHD or its community.

The method by which the Board may give such recognition is to appoint the individual to the 'NSLHD Honour Roll'. Such individuals will be known as 'NSLHD Honour Roll Inductees'.

Appointment of an individual to the NSLHD Honour Roll is intended by the Board to carry with it high prestige and status. However, such an appointment by the Board is an award of recognition only and does not confer any financial, in-kind or other benefits on the individual.

NSLHD Honour Roll Inductees are not limited to individuals who are staff members.

The NSLHD Honour Roll will be a physical document or physical object established and maintained by, or under the direction of, the Board. Its contents will be displayed or otherwise memorialised with appropriate decorum in the lobby of one or more of the facilities of NSLHD, as determined by the Board from time to time. The display and memorialisation may contain tributes to NSLHD Honour Roll Inductees.

Such an appointment by the Board is intended to recognise an outstanding contribution and/or distinguished and eminent service by an individual to NSLHD in one or more of the following:

- Promotion of the current purpose<sup>1</sup> and/or the current vision<sup>2</sup> of NSLHD
- Fostering links between NSLHD and other institutions within and outside Australia
- Philanthropic contribution to NSLHD

The Board will establish a nominations committee for making such an appointment. The terms of reference for the nominations committee and related policy documents will be a publicly available. The terms of reference and related policy documents will include details of eligibility criteria for nomination and the process for nomination. The nominations committee will receive and process nominations and will make recommendations to the Board. The decision to appoint or to not appoint rests solely with the Board. The Chief Executive is an ex officio member of the nominations committee and is to be consulted on any proposed appointment.

The Board may revoke and cancel any appointment if it considers that it is appropriate to do so. This includes (without limitation) if the individual has behaved or acted in a manner that has brought or is reasonably likely to bring disrepute on NSLHD. Before any proposed revocation and cancellation, the individual will be given an opportunity to make a submission the Board.

Having regard to the intended prestige and status of such an appointment, the Board may elect not to make any appointments in a calendar year or to limit the number of appointments in a calendar year. Unless and until the Board otherwise determines, no more than ten appointments may be made in a calendar year.
